

## DNB

- The DNB Program was first started in Devki Devi Foundation Ltd in 2007
- Following the objective of the National Board in providing good quality training and medical education to the residents so that after completion of their course, they can function as independent consultants in their own respective fields
- We have DNB in broad as well as super specialties
- These degrees have been equated with the PG and post doctoral degrees awarded by other Indian universities for all purposes including appointment to teaching posts as lecturer/ assistant professor by government of India and Ministry of Health & Family welfare
- The holders of Board's qualification awarded after an examination i.e. DNB are eligible to be considered for specialist's post/faculty in any Hospital including a training/teaching institution on a teaching post/ as faculty member/ teacher/assistant professor/lecturer
- Guidelines' regarding accreditation of the institute and in selection of the residents is purely done on rules and regulations issued by the NBE from time to time.
